

# MUTEX COMPUTERS L.L.C

ONE STOP FOR ALL YOU IT NEEDS

# About Us

- **Mutex Computers L.L.C established in Dubai , United Arab Emirates in the year 2004. Since then, Mutex Computers L.L.C has grown substantially from Computer Hardware to corporate support. The company is also providing Business application software (Retail Industry), Barcode technology, PDT solutions and consultancy.**
- **In association with several of the computer companies, we offer a comprehensive portfolio of systems management and networking services to assist our clients providing total solutions for each and every stage of your IT initiative.**
- **We have the expertise and tools to assist you in effectively managing your IT investments, precluding problems, which cost time and money. Mutex Computers L.L.C Computers offers complete Facilities Management, maintaining and monitoring the entire scope of your IT requirements. In the shortest possible time we can formulate a total solution for you.**

# **Goal**

**Our corporate character is defined by how we conduct ourselves in every interaction, every day. Our values and our daily interactions are meant to give our customers, community, vendors and business partners the confidence in us as a company which you can trust, whose solutions, products and services work as promised, and who is committed to keeping customers at the center of everything we do.**

**We are guided by the following Core Values:**

- ▶ Customer Focus**
- ▶ Quality**
- ▶ Innovation**
- ▶ Leadership**
- ▶ Teamwork**

# AUDIO VISUAL SOLUTION

# Interactive Boards

- **Easy to use Interactive Boards for group collaborations. Using intelligent white boards, groups can access and share the information they need to meet, teach, train and present regardless of distance.**
- **People choose interactive whiteboard because it helps energize presentations and motivate learners. The interactive whiteboard engages students and audiences around the world.**
- **The touch-sensitive display connects to your computer and digital projector to show your computer image. You can then control computer applications directly from the display, write notes in digital ink and save your work to share later.**

**OTHERS.....**

# Audio & Video Conferencing

□ Video communications products that combine exceptional quality, user simplicity and administrator manageability for a productive, true-to-life experience, on superior high definition video, high definition audio and intuitive real-time manageability which allows organizations across continents to be more productive by successfully sharing important information and valuable insight. Designed for simplicity from the ground up, the product suite enables anyone with dispersed colleagues and operations to collaborate more clearly and effectively.
